

## MiniStation™ Safe

### Portable Hard Drive

## Shockproof, Smart and Super Secure

Buffalo's MiniStation™ Safe (HD-PGFU3 series) is a slim, SuperSpeed USB 3.2 Gen 1x1, portable hard drive that comes in a patented shock-proof chassis and features Buffalo's Lock-and-Go and "Predictive Breakdown LED" function.

Buffalo gave the HD-PGFU3 a sleek design with an attractive matte finish and Buffalo's shock-proof chassis, which withstands drops from a height of up to 75 cm. On top the chassis also includes a USB connector protection – the special structure reduces stress on the connector and the risk of a connector failure.

Enjoy extra peace of mind with the MiniStation™ Safe's data security features: The "Predictive Breakdown Function" notifies you via LED

lights when the hard drive's health is deteriorating, which alerts you to take immediate action. To avoid losing data due to drive failure, Buffalo recommends always backing up data on the drive to another device.

The Lock-and-Go feature allows both PC and Mac users to quickly and easily password-protect their data. The MiniStation™ Safe will stay locked until the correct password is re-entered – no matter where you take it!

The HD-PGFU3 MiniStation™ Safe brings you the Buffalo quality you know and trust in a small, attractive, and extra secure package. MiniStation™ Safe is available with 1, 2, 4 and 5TB capacities.

## Features and Benefits

- Buffalo's patented shock-proof chassis withstands drops from a height of up to 75 cm and thus helps physically protect your data
- "Predictive Breakdown Function" keeps track of the health status of the hard disk and notifies you with LEDs when its health is deteriorating
- Lock-and-Go feature requires password to access drive
- Available in 1, 2, 4 and 5TB capacities
- SuperSpeed data transfer with USB 3.2 Gen 1x1
- USB Connector Protection
- Thin and lightweight:
  - 1TB: 13.5 mm and 150 g
  - 2TB: 16 mm and 180 g
  - 4TB, 5TB: 21.5 mm and 250 g
- USB powered, no additional power supply needed
- Plug-n-Play ready for immediate use
- USB 3.2 Gen 1x1 Micro-B to Type-A cable included

## About BUFFALO

BUFFALO is a leading global provider of award-winning storage, networking and multimedia solutions for the home and small business environments as well as for system builders and integrators. With more than four decades of networking and computer peripheral experience, BUFFALO has proven its commitment to delivering innovative solutions that have put the company at the forefront of infrastructure technology.

# Specifications

Internal Hard Drives	
Number of Drives	1
Hard Drive Capacities	1 TB, 2 TB, 4TB, 5TB
Interface	
Standard Compliance	USB 3.2 (Gen 1x1) / USB 3.1 (Gen1) / USB 3.0/2.0
Connector Type	Micro-B type
Number of Ports	1
Interface Speeds	Max. 5Gbps
Other	
Dimensions (WxDxH)	1 TB: 79.5 x 119 x 13.5 mm 2 TB: 79.5 x 119 x 16 mm 4 TB, 5 TB: 79.5 x 119 x 21.5 mm
Weight	1 TB: 150 g 2 TB: 180 g 4 TB, 5 TB: 250 g
Operating Environment	5-35 °C, 20-80 % (non-condensing)
Power Supply	DC 5 V (USB powered)
Client OS Support	Windows® 10/Windows® 8.1, Mac OS® 10.12 or later*

## Product Codes

HD-PGF1.0U3B-EU  
HD-PGF2.0U3BB-EU  
HD-PGF4.0U3GB-EU  
HD-PGF5.0U3GB-EU

\*Reformatting for Mac is required.
