

DriveStation Combo

Store, back-up or easily transport all file types including huge multimedia files too large to fit on a USB key, with the Buffalo DriveStation Combo. Connect your computer via USB 2.0 or Firewire 400. In Auto mode the DriveStation Combo automatically turns on and off with the connected device. The Eco Manager for Windows can reduce the HDD rotation and the power consumption when the drive is idle.

- | **Dual interface; FireWire 400 and USB 2.0**
- | **Eco manager for Windows reduces power consumption**
- | **Auto power on/off mode**
- | **TurboUSB - increase data transfer speed via USB connection**

DriveStation Combo

The Buffalo DriveStation Combo with TurboUSB offers a quick and easy way to instantly store, access, back-up and transfer your music, photos, videos and other files. Easy to set-up, the DriveStation Combo with TurboUSB easily connects to any device with an available USB or FireWire connection, including desktop and notebook PCs, Apple Macs, LinkStations and TeraStations. USB 2.0 and FireWire cables are included. Just plug it into your computer and it installs automatically with Windows Vista, XP, 2000, or Mac OS-X computer. Fanless chassis design lets the DriveStation Combo run cool and quietly. The DriveStation Combo is plug & play compatible and comes with MemeoTM backup software what makes it a secure and reliable USB back-up and storage solution.

- Easy set-up - no drivers required
- Pre-formatted drive for immediate use and plug & play compatible

SPECIFICATIONS

Internal Hard Drives

Number of Drives	1
Drive Interface	SATA
Hard Drive Capacities	500GB, 1.0TB

Interfaces

Standard Compliance	FireWire 400, USB 2.0
Connector Types	1 x FireWire 400 6-pin, 1 x FireWire 400 4-pin, 1 x USB 2.0 Type B
Number of Ports	3
Data Transmission Speed	Max. 400Mbps (FireWire 400 Mode) Max. 480Mbps (USB 2.0 Mode)

Others

Dimensions (WxHxD)	156 X 175 X 45mm
Weight	1.2Kg
OS Support	Windows Vista, Windows XP/2000 & MAC OS X
Power Consumption (Watts)	Average 12W
Operating Environment	5-35° C, 20-80% (non-condensing)
Power Supply	External AC 100-240V 50/60Hz

Product Part Numbers

HD-CE500IU2
HD-CE1.0TIU2

*1 GB = 1,000,000,000 bytes; total accessible capacity varies depending on operating environment. Data rate, features and performance may vary based on the configuration of your system and other factors.
