

DriveStation™ TurboUSB

Buffalo's DriveStation with TurboUSB offers unprecedented USB performance enhanced by TurboUSB. An innovative, fan-less design and power-saving mode make this DriveStation a dependable, economical and silent solution. Auto installation and easy operation let you quickly store, access, and transfer files, digital images, documents and back-ups. Just plug it in to a PC or Mac and it works! Available in 500GB, 1.0TB, 1.5TB & 2.0TB.

The DriveStation switches on and off automatically with the connected host device. If you use the drive with Buffalo's ECO Manager you can set the device to switch to hibernation mode after a certain amount of time. The DriveStation remains visible on your PC and anytime you start to use it the device will wake up automatically. Reducing the power consumption has never been easier!

DriveStation™ TurboUSB

Key Specifications

- The Power Saving Utility offers reduced power consumption
- TurboUSB increases your file transfer speeds
- Turns on and off automatically with your computer
- Easy set-up with no drivers required
- Pre-formatted drive for immediate use
