Your entertainment. Taken care beautifully in ever

- Connect seamlessly to smart home networks
- Thoughtful design. Responsible packaging

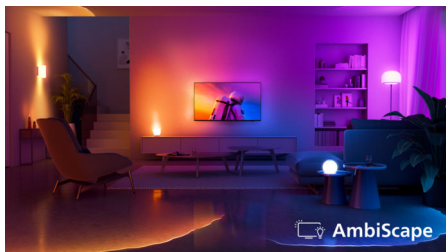

Highlights

Ambilight 4-sided TV

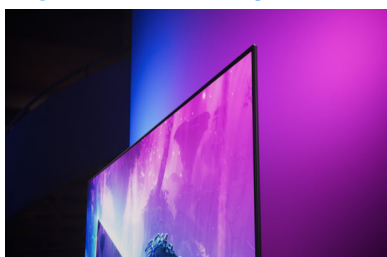

With four-sided Ambilight, sports, films, music and games will feel bigger than ever. Integrated LED lights at the back react to what you watch or listen to, immersing you in a colorful halo light that emanates from the top, bottom and sides of the TV. For the full impact, hang your Ambilight TV on the wall.

AmbiScape

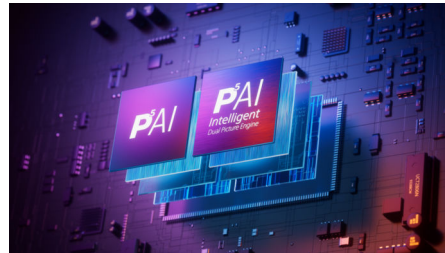

Step into a new dimension of entertainment. AmbiScape extends Ambilight beyond the TV, syncing with your smart lights to transform your room into a living canvas. Feel every scene, every beat, and every moment as your surroundings react in real time—pulling you deeper into the experience.

Bright Tandem WOLED panel

Thanks to its Tandem WOLED panel, this OLED+ Ambilight TV does lifelike better and brighter than ever, with a picture that looks superb at any angle. With astonishing peak brightness levels, contrast and color are beautifully well defined: even the smallest details leap from shadows and bright areas. All major HDR formats are supported.

P5 AI intelligent Dual picture engine

The Ultimate in Picture Quality with the Philips P5 Dual picture processor with AI delivers a picture so real it feels like you could step right into it. A deep-learning AI algorithm processes images in a manner similar to the human brain. No matter what you're watching, you get lifelike detail and contrast, rich colors, and smooth motion.

Cinematic viewing

Hold onto the edge of your seat! With Dolby Vision 2 Max on board, you'll see more of the picture the director wanted you to see, no more disappointing scenes that are too dark to make out! From movies to games, say hello to every glorious detail.

Surround sound technology

Compatibility with Dolby Atmos and DTS:X takes the sound of this TV to another level, in any room. The latest movies, the newest games, the biggest sports events: with sound effects placed in the space above and around you, you'll feel like you're right in the middle of the action.

Philips Smart TV Titan OS

The Philips Smart TV Titan OS platform brings what you love to watch, and fast. From sequels to series, and from documentaries to drama, everything you want is there at the touch of a button. Whatever you're looking to watch, keep all the best streaming apps easily within your reach.

Total Gaming solution

HDMI 2.1, Up to 165Hz native refresh rate and an ultra-low input lag. Indie game or AAA title, this Ambilight TV gives you the specs you need to game how you want! For more control, Game Bar 2.0 lets you customize how you play and you can connect to a Bluetooth controller for cloud gaming. PC gamers can enjoy 165Hz VRR via HDMI.

Matter Smart Home compatible

Matter Smart Home compatibility brings seamless integration to your existing smart home network. To control the TV from your Matter Smart Home app or with voice control services simply push the button on your remote and speak. Dim the lights. Adjust your thermostat. Even turn on your Philips Ambilight TV. A single command does it all.

Thoughtful design

This sleek bezel less OLED screen looks sophisticated in any room and Ambilight creates mesmerizing mood lighting even when the screen is off. Our packaging uses FSC certified recycled cardboard and the inserts are printed on recycled paper.
