

# PHILIPS

## Tool up to boost collaboration and interactivity

Get equipped with best-in-class accessories for corporate and education environments

**Hands on learning experiences** – Write, draw, mark, and erase with ease, engaging easily with the content directly on the display.

**Effective and efficient communication** – Annotate and highlight key points, collaborate and brainstorm new ideas, all on the display.

**Intuitive, easy interaction** – Use like a traditional whiteboard, with the display automatically detecting stylus colours and thickness.

Enhance the experience with optional accessories, including: **pen tray, eraser, and styli in four colours.**
